

Schedule of Benefits

for Yale Students with Yale Health Hospitalization and Specialty Care Coverage

The Yale Health medical plan provides coverage for a wide range of medical expenses for the treatment of illness or injury. It does not provide coverage for all medical care. With your Yale Health student coverage, you must directly access the following departments and services at Yale Health Center at 55 Lock Street: Acute Care, Student Health, Obstetrics & Gynecology, Ophthalmology, Mental Health & Counseling, and Pediatrics for covered services and supplies without a referral. All other departments and services require prior authorization.

This plan will pay for authorized expenses up to the maximums shown in the Student Handbook. Coverage is subject to all the terms, policies and procedures outlined in the Student Handbook. Not all medical expenses are covered under this plan.

Exclusions and limitations apply to certain medical services, supplies and expenses.
