NOTE: Information about the cost of this [plan](#) (called the [premium](#)) will be provided separately. This is only a summary. Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$0	See the chart starting on page 2 for your costs for services this plan covers.
Are there services covered before you meet your deductible ?	Yes.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits . COVID-19 testing is covered at no charge both in-network and out-of-network.
Are there other deductibles for specific services?	Yes, \$100 individual/ \$300 family for speech therapy. There are no other specific deductibles .	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan ?	\$6,350 /individual; \$12,700 /family.	The out-of-pocket limit is the most you could pay during a coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses.
What is not included in the out-of-pocket limit ?	Premiums, balance-billed charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. Call 1-203-432-0246 for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays

		(balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a <u>referral</u> to see a <u>specialist</u>?	Yes.	This plan will pay some or all of the costs to see a specialist for covered services but only if you have the plan's permission before you see the specialist.
