

Steps for Transferring your care to Yale Health

1

Complete a [Release of Health Information Form](#) to have your medical records transferred to Yale Health.

2

Schedule a new member meeting with the [Member Liaison](#), and consider registering for a [tour of Yale Health](#).

3

If you have prescriptions that need to be filled from your former provider you can fill them at the Yale Health Pharmacy (with a fax from your provider or a paper prescription). If you need a new prescription you should make an appointment with your primary care provider (PCP).

4

Make a new patient appointment with your PCP if you have a complicated medical history/issue, or are in active medical treatment.

5

Complete the [New Patient Adult Questionnaire](#) and forward to Internal Medicine.
